Advanced Study Program

October 1, 1973

Mr. Alfonso Rodriguez
Director of Training
Central Intelligence Agency
Washington, D. C. 20505

Dear Rod:

We have completed our review of applications of senior Federal officials nominated to participate in the Institution's 1973-74 educational programs. I am glad to advise you that the nominees listed on the enclosures have been selected to participate in the programs as indicated.

We are very pleased with the response to our announcement of the 1973-74 programs and impressed with the superior quality of most of the nominations. Again this year, nearly 70% of those selected are in super-grade positions; the remaining 30% are officials at the GS 15 level who hold positions of significant responsibility in their organizations and who are likely to move into supergrade positions within the next several years.

We look forward to the participation of your officials in these educational programs. Each participant will receive background readings and program information from the conference chairman approximately 4-6 weeks in advance of the scheduled meeting.

There are a limited number of spaces remaining in some of the educational programs to be held during 1973-74. We will, therefore, continue to accept nominations of qualified executives throughout the program year. If you wish to arrange for additional nominations, or if you have any questions about the selections herein, please contact Mrs. Littell of my staff on 797-6272 or 6269.

We appreciate your continued support of these programs in executive education.

Sincerely,

James M. Mitchell
Director
